

# Abdel Rahman Beyrouti

## Full Stack Developer

Lebanon, beirut | +96170581537 | [abdel.beyrouti@gmail.com](mailto:abdel.beyrouti@gmail.com)

### Summary

Enthusiastic Full Stack Developer with a proven track record of delivering high-quality web applications. Proficient in front-end technologies like HTML, CSS, and JavaScript, with expertise in popular frameworks such as bootstrap and backend technologies including Node.js and Express. Experienced in database management, utilizing MongoDB to ensure efficient data storage and retrieval. Adept at creating responsive and user-friendly interfaces, with a keen eye for design. Strong problem-solving skills and a passion for staying up-to-date with emerging technologies to drive continuous improvement. Excited to contribute technical expertise and creativity to dynamic development projects.

### Work experience

#### Full Stack Developer (Freelancer)

##### Coding Tech

- Successfully undertook various web development projects, demonstrating expertise in HTML, CSS, JavaScript, and utilizing frameworks like Node.js.
- Independently managed the end-to-end development process, from client consultation to deployment, ensuring high-quality and user-friendly applications.
- Collaborated with clients to understand their unique requirements, delivering tailored solutions that met or exceeded expectations.

#### Coding and Physics Instructor

2023

##### Harvest International School

- Designed and delivered engaging coding and physics lessons, fostering a positive and interactive learning environment.
- Adapted teaching methods to accommodate diverse learning styles, resulting in improved student comprehension and performance.
- Received positive feedback from students and parents, highlighting effective communication and passion for fostering academic growth.

#### IT Technical Support

2020 - 2023

##### Teleperformance

- Provided efficient technical support to resolve hardware and software issues, ensuring minimal downtime for users.
- Conducted troubleshooting and diagnosis of network problems, demonstrating a strong problem-solving ability.
- Collaborated with cross-functional teams to implement and maintain IT infrastructure, contributing to improved overall system efficiency.

### Education

#### Certificate in The Web Developer Bootcamp by Colt Steele

2023 - 2024

##### Udemy

#### Master Degree - Electrical and Electronics Engineering

oct 2019 - Jun 2021

##### istanbul aydin university

### Skills

- **Web Development:**
  - HTML5, CSS3, JavaScript (ES6+)
  - Front-end frameworks: React.js
  - Back-end frameworks: Node.js, Express.js
- **Database:**
  - MongoDB
- **Programming Languages:**
  - Proficient in JavaScript
- **Additional Skills:**
  - Bootstrap
  - AJAX
  - API integration
  - Technical documentation
  - Problem-solving and critical thinking
- **IT Support:**
  - Troubleshooting hardware and software issues
  - Network diagnostics and problem resolution
- **Teaching:**
  - Coding instruction
  - Physics instruction
  - Adaptability to diverse learning styles

### Languages

#### Arabic

Native Speaker

#### English

Fluents

#### Turkish

Intermediate

Distinguished for exceptional proficiency in programming languages, particularly C, C++, and Python, for solving engineering problems.

Applied programming skills to design and simulate electrical circuits, automate data analysis, and optimize control systems.

Bachelor Degree - Electrical and Electronics Engineering

Oct 2015 - Jun 2018

[Lebanese International University](#)

Coursera

Apr 2022 - May 2022

[Certificate Work Smarter, Not Harder: Time Management for Personal & Professional Productivity](#)
